

**Here's what our guests said about their week in May at the Walled Garden Cookery School course ...**

wonderful, fantastic experience, memorable & entertaining, full of laughter, hot tips, additional recipes and spontaneous ideas, amazing, superb, excellent, lively, hardworking, informative, illuminating, inspiring, brilliant, hands on, full of practical advice, 5 star, lovely, v. comfortable

**What they liked best ...**

Loved the constant stream of wonderful tips. Kate was an excellent instructor, firm enough while being encouraging. John was an invaluable fund of gardening knowledge and love. I wanted to come for 5 days and felt the course exceeded expectations as far as the cooking was concerned. I wanted to learn as much as possible and that is what I have achieved. Beautiful setting, very comfortable house and lovely people. It didn't feel necessary to have reached a minimum entry level - I think we all felt we made progress from where we were.

**Their favourite recipes ...**

I relished every recipe. Can honestly say I can't choose a favourite. I loved working the bread, learning how to taste food and adjust the taste. Grilled rump of lamb with asparagus & salsa verde, mackerel, sea bream, squid, Cornish pasties, focaccia bread. crab starter, aubergine with pomegranate seeds, crispy chicken thighs, lamb tagine

**What else they wanted to tell us ...**

The course exceeded my expectations by a long way and I would highly recommend it to friends. The teaching was extraordinary. Kate has filled me with enthusiasm again. She made it so enjoyable, interesting and kept the pace up. I learnt something new with every recipe. The gardening tips from John were invaluable. Organisation was brilliant. The staff were fun, helpful and part of what felt to me like a well-oiled machine. Loved the personalised folders. Loved all the excursions. Loved the butcher demo. Very comfortable clean rooms & bathrooms.
